

Project Design Phase
Proposed Solution Template

Date	23 May 2025
Team ID	LTVIP2025TMID41850
Project Name	ShopEz
Maximum Marks	2 Marks

Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	To build an efficient and user-friendly e-commerce platform that simplifies product discovery, ensures secure checkout, and supports seller order management.
2.	Idea / Solution description	A platform where users can easily shop for products online while sellers efficiently manage their listings and orders through a unified system.
3.	Novelty / Uniqueness	– Seller-Centric Dashboard for Independent Businesses – Cross-Platform Support (Mobile & Desktop) – Simple Yet Intuitive User Interface for Seamless Shopping
4.	Social Impact / Customer Satisfaction	– Empowering small businesses and local sellers – Making online shopping accessible and hassle-free – Enhancing customer satisfaction through personalized experiences and secure services
5.	Business Model (Revenue Model)	– Commission on Each Transaction – Featured Listings for Sellers (Paid Promotion) – Subscription Plans for Advanced Analytics and Dashboard Features
6.	Scalability of the Solution	Can be scaled globally by integrating third-party payment gateways, logistics APIs, and expanding seller onboarding across regions.
